HEDIS Incentive Program

How do I participate?

Provide the qualifying services to eligible members during regularly scheduled office visits.

Or identify AmeriHealth Caritas VIP Care members on your panel who require one or more of the eligible services. See “How can I identify eligible members?” below for instructions on completing this step. Schedule appointments with the identified members, and provide the required eligible services.

Then submit a claim for the eligible services you provided with the appropriate CPT II codes (must bill a minimum of \$0.01) by following your normal claim submission process.

It is that easy!

How can I identify eligible members?

Eligible members are easy to identify. Members due for eligible services may be identified in NaviNet by going to **www.navinet.net** and following the steps below:

Primary care providers (PCPs)

- Care gap reports: Highlight the Report Inquiry option, then choose “Clinical Reports.” Select the care gap report option available in the drop-down menu that best suits your needs.
- PCP performance report card: Highlight the Report Inquiry option, then choose “Administrative Reports.” Select “PCP Performance Report Card” from the drop-down menu.

PCPs and other providers

- Member clinical summary: Highlight the Report Inquiry option, then choose “Member Clinical Summary Reports.” Select “Member Clinical Summary.”
- Under the Eligibility and Benefits option, search for a member. If the member has a missing care gap, you will get a pop-up alert. The member’s clinical summary report is also accessible here.

Correct coding and submission of claims is the responsibility of the submitting provider. AmeriHealth Caritas VIP Care reserves the right to make changes to this program at any time and shall provide written notification of any changes.

How are the supplements paid out?

Incentive payments are based on each eligible service submitted on a claim. Payments will be remitted just like any other claim you submit.

Are there other benefits?

Yes! Submitting the correct CPT II code helps inform us that you have provided the service and may decrease the need for us to request medical records to review for this information to satisfy HEDIS measures.

How are members engaged to seek these services?

AmeriHealth Caritas VIP Care members who need one or more of the eligible services may receive letters, recorded and live phone calls, and text reminders from the health plan encouraging them to contact their provider offices and schedule needed services.
