## **2024 Formulary**

### **(List of Covered Drugs)**

**PLEASE READ: THIS DOCUMENT CONTAINS INFORMATION  
ABOUT THE DRUGS WE COVER IN THIS PLAN**

Formulary ID: 00024423, Version Number: 9

This formulary was updated on 02/01/2024 For more recent information or other questions, please contact AmeriHealth Caritas VIP Care at **1-866-533-5490** or, for TTY users, **711**, 8 a.m. – 8 p.m., Monday through Friday, from April 1 to September 30, and from October 1 to March 31, 8 a.m. – 8 p.m., seven days a week, or visit [www.amerihealthcaritasvipcare.com/pa](http://www.amerihealthcaritasvipcare.com/pa)

**Note to existing members:** This formulary has changed since last year. Please review this document to make sure that it still contains the drugs you take.

When this drug list (formulary) refers to “we,” “us”, or “our,” it means AmeriHealth First. When it refers to “plan” or “our plan,” it means AmeriHealth Caritas VIP Care.

This document includes a list of the drugs (formulary) for our plan, which is current as of 03/01/2024. For an updated formulary, please contact us. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

You must generally use network pharmacies to use your prescription drug benefit. Benefits, formulary, pharmacy network, and/or copayments/coinsurance may change on January 1, 2025, and from time to time during the year.

## **What is the AmeriHealth Caritas VIP Care Formulary?**

A formulary is a list of covered drugs selected by AmeriHealth Caritas VIP Care in consultation with a team of health care providers, which represents the prescription therapies believed to be a necessary part of a quality treatment program. AmeriHealth Caritas VIP Care will generally cover the drugs listed in our formulary as long as the drug is medically necessary, the prescription is filled at an AmeriHealth Caritas VIP Care network pharmacy, and other plan rules are followed. For more information on how to fill your prescriptions, please review your Evidence of Coverage.

## **Can the Formulary (drug list) change?**

Most changes in drug coverage happen on January 1, but AmeriHealth Caritas VIP Care may add or remove drugs on the Drug List during the year, or add new restrictions. We must follow Medicare rules in making these changes.

**Changes that can affect you this year:** In the below cases, you will be affected by coverage changes during the year:

- **New generic drugs.** We may immediately remove a brand name drug on our Drug List if we are replacing it with a new generic drug with the same or fewer restrictions. Also, when adding the new generic drug, we may decide to keep the brand name drug on our Drug List, but immediately add new restrictions. If you are currently taking that brand name drug, we may not tell you in advance before we make that change, but we will later provide you with information about the specific change(s) we have made.
  - If we make such a change, you or your prescriber can ask us to make an exception and continue to cover the brand name drug for you. The notice we provide you will also include information on how to request an exception, and you can also find information in the section below entitled “How do I request an exception to the AmeriHealth Caritas VIP Care Formulary?”

- **Drugs removed from the market.** If the Food and Drug Administration deems a drug on our formulary to be unsafe or the drug's manufacturer removes the drug from the market, we will immediately remove the drug from our formulary and provide notice to members who take the drug.
- **Other changes.** We may make other changes that affect members currently taking a drug. For instance, we may add a generic drug that is not new to market to replace a brand drug currently on the formulary or add new restrictions to the brand name drug or both. Or we may make changes based on new clinical guidelines. If we remove drugs from our formulary, or add prior authorization, quantity limits, and/or step therapy restrictions on a drug, we must notify affected members of the change at least 30 days before the change becomes effective, or at the time the member requests a refill of the drug, at which time the member will receive a 30-day supply of the drug.
  - If we make these other changes, you or your prescriber can ask us to make an exception and continue to cover the brand name drug for you. The notice we provide you will also include information on how to request an exception, and you can also find information in the section below entitled "How do I request an exception to the AmeriHealth Caritas VIP Care Formulary?"

**Changes that will not affect you if you are currently taking the drug.** Generally, if you are taking a drug on our 2024 formulary that was covered at the beginning of the year, we will not discontinue or reduce coverage of the drug during the 2024 coverage year except as described above. This means these drugs will remain available at the same cost-sharing and with no new restrictions for those members taking them for the remainder of the coverage year. You will not get direct notice this year about changes that do not affect you. However, on January 1 of the next year, such changes would affect you, and it is important to check the Drug List for the new benefit year for any changes to drugs.

The enclosed formulary is current as of 03/01/2024. To get updated information about the drugs covered by AmeriHealth Caritas VIP Care, please contact us. Our contact information appears on the front and back cover pages.

The formulary is updated monthly throughout the year, and the list of drugs may change. If there are negative changes to the formulary outside of routine maintenance updates, such as removing a drug from our formulary; adding prior authorization, quantity limits, and/or step therapy restrictions to a drug; our plan will mail you a written notice.

## **How do I use the Formulary?**

There are two ways to find your drug within the formulary:

### **Medical Condition**

The formulary begins on page 1. The drugs in this formulary are grouped into categories depending on the type of medical conditions that they are used to treat. For example, drugs used to treat a heart condition are listed under the category, "Cardiovascular Agents". If you know what your drug is used for, look for the category name in the list that begins on page 1. Then look under the category name for your drug.

## **Alphabetical Listing**

If you are not sure what category to look under, you should look for your drug in the Index that begins on page 103. The Index provides an alphabetical list of all of the drugs included in this document. Both brand name drugs and generic drugs are listed in the Index. Look in the Index and find your drug. Next to your drug, you will see the page number where you can find coverage information. Turn to the page listed in the Index and find the name of your drug in the first column of the list.

## **What are generic drugs?**

AmeriHealth Caritas VIP Care covers both brand name drugs and generic drugs. A generic drug is approved by the FDA as having the same active ingredient as the brand name drug. Generally, generic drugs cost less than brand name drugs.

## **Are there any restrictions on my coverage?**

Some covered drugs may have additional requirements or limits on coverage. These requirements and limits may include:

- **Prior Authorization:** AmeriHealth Caritas VIP Care requires you or your physician to get prior authorization for certain drugs. This means that you will need to get approval from AmeriHealth Caritas VIP Care before you fill your prescriptions. If you don't get approval, AmeriHealth Caritas VIP Care may not cover the drug.
- **Quantity Limits:** For certain drugs, AmeriHealth Caritas VIP Care limits the amount of the drug that AmeriHealth Caritas VIP Care will cover. For example, AmeriHealth Caritas VIP Care allows 30 tablets per 30 day supply of a prescription for digoxin. This may be in addition to a standard one-month or 100-day supply.
- **Step Therapy:** In some cases, AmeriHealth Caritas VIP Care requires you to first try certain drugs to treat your medical condition before we will cover another drug for that condition. For example, if Drug A and Drug B both treat your medical condition, AmeriHealth Caritas VIP Care may not cover Drug B unless you try Drug A first. If Drug A does not work for you, AmeriHealth Caritas VIP Care will then cover Drug B.

You can find out if your drug has any additional requirements or limits by looking in the formulary that begins on page 1. You can also get more information about the restrictions applied to specific covered drugs by visiting our website. We have posted online documents that explain our prior authorization and step therapy restrictions. You may also ask us to send you a copy. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

You can ask AmeriHealth Caritas VIP Care to make an exception to these restrictions or limits or for a list of other, similar drugs that may treat your health condition. See the section, "How do I request an exception to the AmeriHealth Caritas VIP Care formulary?" on page v for information about how to request an exception.

## **What if my drug is not on the Formulary?**

If your drug is not included in this formulary (list of covered drugs), you should first contact Member Services and ask if your drug is covered. For more information, please contact us. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

If you learn that AmeriHealth Caritas VIP Care does not cover your drug, you have two options:

- You can ask Member Services for a list of similar drugs that are covered by AmeriHealth Caritas VIP Care. When you receive the list, show it to your doctor and ask them to prescribe a similar drug that is covered by AmeriHealth Caritas VIP Care.
- You can ask AmeriHealth Caritas VIP Care to make an exception and cover your drug. See below for information about how to request an exception.

## **How do I request an exception to the AmeriHealth Caritas VIP Care Formulary?**

You can ask AmeriHealth Caritas VIP Care to make an exception to our coverage rules. There are several types of exceptions that you can ask us to make.

- You can ask us to cover a drug even if it is not on our formulary. If approved, this drug will be covered at a predetermined cost-sharing level, and you would not be able to ask us to provide the drug at a lower cost-sharing level.
- You can ask us to cover a formulary drug at a lower cost-sharing level. If approved this would lower the amount you must pay for your drug.
- You can ask us to waive coverage restrictions or limits on your drug. For example, for certain drugs, AmeriHealth Caritas VIP Care limits the amount of the drug that we will cover. If your drug has a quantity limit, you can ask us to waive the limit and cover a greater amount.

Generally, AmeriHealth Caritas VIP Care will only approve your request for an exception if the alternative drugs included on the plan's formulary, or additional utilization restrictions would not be as effective in treating your condition and/or would cause you to have adverse medical effects.

You should contact us to ask us for an initial coverage decision for a formulary or utilization restriction exception. **When you request a formulary, or utilization restriction exception you should submit a statement from your prescriber or physician supporting your request.** Generally, we must make our decision within 72 hours of getting your prescriber's supporting statement. You can request an expedited (fast) exception if you or your doctor believe that your health could be seriously harmed by waiting up to 72 hours for a decision. If your request to expedite is granted, we must give you a decision no later than 24 hours after we get a supporting statement from your doctor or other prescriber.

## **What do I do before I can talk to my doctor about changing my drugs or requesting an exception?**

As a new or continuing member in our plan, you may be taking drugs that are not on our formulary. Or you may be taking a drug that is on our formulary, but your ability to get it is limited. For example, you may need a prior authorization from us before you can fill your prescription. You should talk to your doctor to decide if you should switch to an appropriate drug that we cover or request a formulary exception so that we will cover the drug you take. While you talk to your doctor to determine the right course of action for you, we may cover your drug in certain cases during the first 90 days you are a member of our plan.

For each of your drugs that is not on our formulary, or if your ability to get your drugs is limited, we will cover a temporary 30-day supply. If your prescription is written for fewer days, we'll allow refills to provide up to a maximum 30 day supply of medication. After your first 30-day supply, we will not pay for these drugs, even if you have been a member of the plan less than 90 days.

If you are a resident of a long-term care facility and you need a drug that is not on our formulary or if your ability to get your drugs is limited, but you are past the first 90 days of membership in our plan, we will cover a 31-day emergency supply of that drug while you pursue a formulary exception.

Members who have a change in level of care (setting) will be allowed up to a one-time 30-day transition supply per drug. For example, members who:

- Enter long-term care (LTC) facilities from hospitals are sometimes accompanied by a discharge list of medications from the hospital formulary, with very short-term planning taken into account (often under 8 hours).
- Are discharged from a hospital to home.
- End their skilled nursing facility Medicare Part A stay (where payments include all pharmacy charges) and who need to revert to their Part D plan formulary.
- End a long-term care facility stay and return to the community.

If a member has more than one change in level of care in a month, the pharmacy will have to call our plan to request an extension of the transition policy.

## **For more information**

For more detailed information about your AmeriHealth Caritas VIP Care prescription drug coverage, please review your Evidence of Coverage and other plan materials.

If you have questions about AmeriHealth Caritas VIP Care, please contact us. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

If you have general questions about Medicare prescription drug coverage, please call Medicare at 1-800-MEDICARE (1-800-633-4227) 24 hours a day/7 days a week. TTY users should call 1-877-486-2048. Or visit <https://www.medicare.gov>.

## AmeriHealth Caritas VIP Care's Formulary

The formulary that begins on the next page provides coverage information about the drugs covered by AmeriHealth Caritas VIP Care. If you have trouble finding your drug in the list, turn to the Index that begins on page 103.

The first column of the chart lists the drug name. Brand name drugs are capitalized (e.g., COUMADIN) and generic drugs are listed in lower-case italics (e.g., *warfarin*).

The information in the Requirements/Limits column tells you if AmeriHealth Caritas VIP Care has any special requirements for coverage of your drug.

### List of Abbreviations

**B/D:** This prescription drug has a Part B versus D administrative prior authorization requirement. This drug may be covered under Medicare Part B or D depending upon the circumstances. Information may need to be submitted describing the use and setting of the drug to make the determination.

**QL:** Quantity Limit. For certain drugs, AmeriHealth Caritas VIP Care limits the amount of the drug that the plan will cover. For example, our plan provides 9 tablets per 30 days of a prescription for sumatriptan succinate.

**ST:** Step Therapy. In some cases, AmeriHealth Caritas VIP Care requires you to first try certain drugs to treat your medical condition before we will cover another drug for that condition. For example, if Drug A and Drug B both treat your medical condition, AmeriHealth Caritas VIP Care may not cover drug B unless you try Drug A first. If Drug A does not work for you, AmeriHealth Caritas VIP Care will then cover Drug B.

**PA:** Prior Authorization. AmeriHealth Caritas VIP Care requires you or your physician to get prior authorization for certain drugs. This means that you will need to get approval from AmeriHealth Caritas VIP Care before you fill your prescriptions. If you don't get approval, AmeriHealth Caritas VIP Care may not cover the drug.

**MME:** This indicates an additional quantity limit on drugs in the opioid class, which is based on the morphine milligram equivalent (MME). MME is used to determine and monitor safe dosing and duration of therapy. If the amount of opioids prescribed is above the limit, but is needed, the prescriber can request the plan cover additional quantity.

**NMO:** This Prescription cannot be filled by the mail order pharmacy. Please review your *Pharmacy Directory* for more information about which pharmacies offer mail order service. For more information consult your *Pharmacy Directory* or call our Member Services department.

**DCR:** This indicates that an appropriate diagnosis code is required for coverage of this medication.

## **Part D Prescription Drugs**

\$0 deductible

<b>Part D Prescription Drugs</b> (Standard Retail Cost-Sharing)	
<b>One-month supply, two-month supply, and three-month supply</b>	\$0 copay

## **Part B Drugs**

Certain medications are covered under Part B, such as oral anti-cancer drugs or an injectable drug administered by a doctor. \$0 cost-sharing for Part B chemotherapy drugs and other Part B drugs.

## **Diabetic Supplies**

Roche is the preferred diabetic supply manufacturer for AmeriHealth Caritas VIP Care. Any diabetic products not manufactured by Roche will require a prior authorization.

## **Day Supply Limits**

<b>Pharmacy Type</b>	<b>Max Days Supply</b>
Retail	1-30 days = 1 month supply  31-60 days = 2 month supply  61-100 days = 3 month supply
Mail Order	61-100 days = 3 month supply
Long-Term Care	0-31 days = 1 month supply  Other day supply allowed = 14-day supply
Out of Network	1-30 days = 1 month supply
