Will the pharmacy network change after the transition to Optum Rx?

We are working to maintain access to all pharmacies currently participating in our pharmacy network after the transition to Optum Rx. However, the change to Optum Rx should not affect portions of the contracted pharmacy network available to members. If a pharmacy is affected, impacted members will be notified.

If a pharmacy that is not currently part of the Optum Rx network elects not to participate, we will assist your patient in locating a new in-network pharmacy.
